Joint church venture at Miners' Welfare impacts community

A joint vision between the Methodist and the Anglican Churches in Bilsthorpe has produced a new worshipping community. Launched in September last year by the Revd Anna Alls and Deacon Dave Keegan it is the result of both ministers wanting to find a fresh approach to growing disciples.

Anna explains: "I'd been praying about the local Miners' Welfare and so had Dave.. we thought about where people were who were least likely to come to church and started from there. We went to them."

In the first week there were 30 people and it has grown to a regular group of 50-60 consisting of Anglicans, Methodists and new Christians.

It is held once a month on the third Sunday in the 'Big Room' at the Welfare. "There are no doors," continues Anna, "People in the bar can hear and join in the singing. There's a bit of a talk, interactive prayer response, crafts and activities, and we move around quite a lot. Local communities like the Scouts and St John's Ambulance are encouraged to get involved. It's very informal.

"We had some prayer beads left over from the Pentecost Service

in May so we took them along to the Welfare we went into the garden and bar afterwards and one lady was very emotional and put the bracelet on straight away and talked about who she would pray for.

"Taking the church into the Welfare is having an enormous impact on the community; they have even bought us an organ so

we don't have to take ours. They see us very much as a permanent fixture now, and call me 'Vic'....."

Raising up a new generation of leaders

Going to university is often a challenge. It involves leaving your home area, your family and friends and joining a very different community. If you add to that foregoing an income that supported your family, sharing resources such as your grant to enable a friend from your area to study also, and helping others to learn and use English while studying yourself, you begin to build up a picture of what it means to study at Bujumbura Christian University (BCU) in Bujumbura for 3 years.

The Province of the Anglican Church of Burundi has made a long and valued contribution to primary and secondary education and sought to have a University to extend this to a higher educational level. BCU was established in 2014 and began work in 2015 with a Pastoral Theology Faculty. 2018 will therefore see the first graduates leave with a BA Degree in Pastoral Theology. Among them will be Yves Nzunogera who has been supported by Gedling Deanery for three years. Students like Yves will return to the dioceses that sent them to assume leadership roles in the Church and in their communities. They will become role models to the next generation and agents of transformation in their areas.

The Revd Steve Muneza, BCU's Overseas Ambassador outlines a couple of the challenges the university faces. Families, for example, living in or on the edge of poverty – 50% of the population live on less than £1 a day – find it hard to let a family member go to study theology as they consider that there is no hope of them making a career or money at the end of the course. Their expectation is that the student must be able to return to their family to provide support with education, food, medical care etc. Most families are not able to pay the fees that go

towards food, accommodation, medical bills, tuition fees, books, transport, and clothes. External funding is therefore crucial to enable students to pursue this level of education.

65% of Burundi's population of 11 million is under 25 years. Youth is therefore a huge but untapped resource because of limited resources and education.

The new communication and business faculties planned for the near future reflect BCU's core belief that through education young people can be equipped and empowered to creatively contribute to finding new and adaptable solutions to the complex challenges of communities in Burundi.

TRANSFORMING NOTTS TOGETHER ⊕

A JOINT VENTURE BETWEEN THE DIOCESE OF SOUTHWELL & NOTTINGHAM AND CUF

Faith Action Network

Nottingham (FAN) is a network that promotes collaboration, relationship and unity among Christian organisations who are working to tackle poverty in Nottingham. We have been meeting for the last eight years, and have grown from six people to currently 37 people who lead around 30 different churches and/or projects. It is coordinated by Transforming Notts Together, with a core working group from four different organisations.

Our values are:

- As organisations we love and value each other
- The Gospel of Jesus is central to who we are and the ultimate hope of those we serve
- Empowerment and transformation
- We appreciate diversity

Our aims are:

- To deepen relationships within the network
- To identify the greatest areas of poverty in the city
- To respond strategically to those needs in cooperation with other services in the city

We believe it's not about doing

things for people, but with people and being disciplined ourselves along the way.

It has been incredible to see relationships strengthen. Although we meet as a group four times a year, many members connect in between to work together on projects or grapple with issues they are both facing. We recently run a workshop on Discipleship for members facilitated by Mark Rodel at St John's, which 19 members attended, which among other things clearly highlighted the need for us all to create a culture of discipleship throughout our organisations, with leaders demonstrating and being honest about their own on-going discipleship.

Some of its members are: The Friary, Hope Nottingham, Bestwood and Bulwell foodbank, Jericho Road Project, The Ark advice centre, the Arches, Grace Enterprises (Radiant Cleaners), Hope Into Action and Sharewear.

In Mansfield and Ashfield, a similar group is starting to emerge **Faith Action Mansfield and Ashfield (FAMA)**. Although as a group we are yet to articulate our own values and aims, it will be along similar lines to FAN and

we have had positive initial meetings so far. We would like to grow to include many more in the area who are Christians leading the way in social transformation across Mansfield and Ashfield.

The Revd David McCoulough, Director of Partnerships and Mission for the diocese, said:

“Growing Disciples: Wider, Younger, Deeper is at the heart of our mission in every community and I hope these weekends will

be opportunities to welcome new visitors and old friends and neighbours, and to establish the beginnings of new relationships.”
